COLONEL RICHARD J. EVANS III

Colonel Richard (Rick) J. Evans III is Commander, 170th Operations Support Squadron and Air National Guard Advisor to Air Combat Command's (ACC's) 55th Wing at Offutt AFB, Nebraska. As the primary architect of the Offutt AFB Total Force Integration initiative, Colonel Evans is responsible for integration of Air National Guard members into the 55th Wing, ACC's largest flying wing. Air National Guard personnel are operationally integrated into squadrons within the 55th Operations Group, providing training and operational support to worldwide flying operations. In 1990, he accepted a full-time position with the unit and was assigned as the Chief of Operations Plans for the 155th Reconnaissance Group, where he oversaw employment planning for the unit's tactical reconnaissance mission. In 1993, he served as the unit's Operations Conversion Project Officer, planning all aspects of the transition from the RF-4C reconnaissance mission to the KC-135R air refueling mission. From 1994 until 2002, he served as the 155th Air Refueling Wing's Chief of Current Operations, where he was responsible for planning and coordinating worldwide employment of the unit's nine KC-135R aircraft in support of the USAF's Global Reach mission.
